BUSTY STAG

COLLECTION

By Chester Coxwell

When Eastman Kodak introduced the 8mm home-movie format in 1932, they probably thought that it would be used by families to document family trips to the Grand Canyon or a young child's first shaky steps; instead, sleaze merchants quickly used the equipment to immortalize the gyrating hips and stiff nips of the day's hottest strippers, hookers and prostitutes. Thus the stag film was born, and it was a boon to bachelor parties, after-hours clubs and juvenile delinquents everywhere. You can see why!

After Hours Cinema's new Busty Stag Collection (2007, spread), feature the finest ladies to ever grace the stag-film format. Ranging from super grainy black & white to crystal clear color, the 8mm loops on display features a girl for every guy. From B-cup blondes to D-cub brunettes, from demure damsels to seductive sexbombs, this tease is built to please! www.AfterHoursCinema.com

WHAT IF...?

As partners in a sleazy Las Vegas revue, Motown-loving Whoopi and heroin-addicted Harvey perform their X-rated cabaret sex show in front of bloodshot-eyed gamblers and chain-smoking prostitutes.

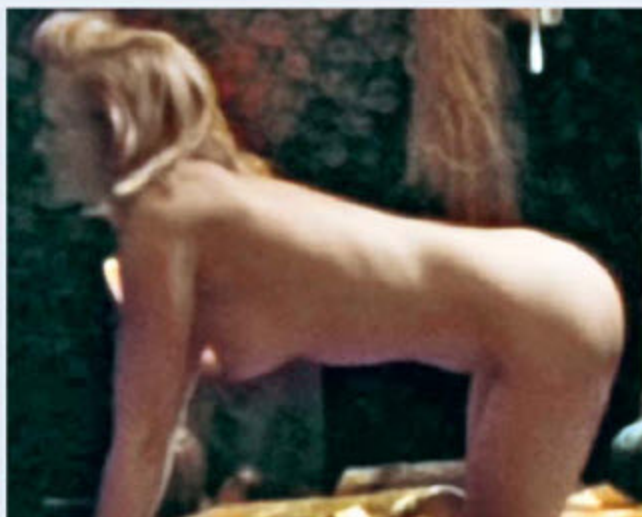

BAD SISTER ACT

By Harvey Goldberg

Being that this is our Sexy Sisters issue, we thought it only fair to pay tribute to the ultimate celluloid celebration of sisters—*Sister Act*. And when you think nuns, only one name comes to mind: Harvey Keitel. This movie badass not only got to chase down a couple of rapists who attacked a pretty nun in *Bad Lieutenant* (1992), but he also did penance as the gangster heavy in *Sister Act* (1992). That got us thinking—what if...*Bad Lieutenant* and *Sister Act* were combined into one outrageous movie?

But when a nun gets sexually assaulted, Sister Hottle names strip-show Harvey as the chief suspect. That's when Whoopie goes undercover as a nun to try and convince the victim to recant her testimony.

Left on his own in Sin City, Harvey can't curb his appetite for nuns or sex, and turns another lady of the cloth into his own personal slot machine. Luckily his new nookie-loving nun and his undercover pal Whoopie are able to convince his earlier unwilling conquest not to press charges.

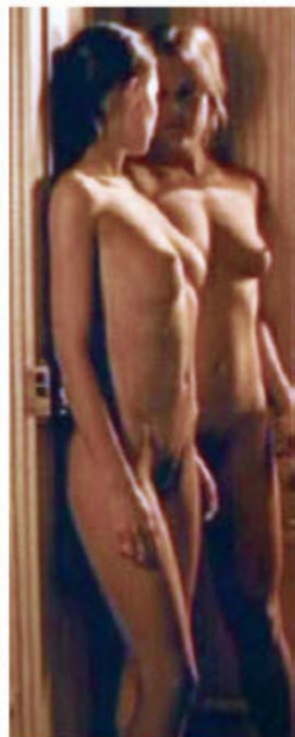

Thanks to Whoopie donning a nun's habit—to feed pal Harvey's heroin habit—the show goes on! Harvey is high (and naked) again, in debt to Whoopie for his alibi and his stash! But when Whoopie's gun-toting dealer finally reveals a holy fetish of his own, a frightened Ms. Goldberg gets thee to a nunnery as quick as she can!

THE EXTERMINATING ANGELS

By Björn Again

In director Jean-Claude Brisseau's *Exterminating Angels* (2007, spread), a filmmaker is auditioning women for roles in his film exploring female pleasure. Throughout the *skinematic* try-outs, each lady pushes herself to be hornier, sexier and even more perverted than the others—which is really saying something! This wild flesh feast is a sort of cross between *Sex, Lies & Videotape* and *Lord of the Flies*! The plot may be a little thin, but the French have always gotten away with weak storylines by packing their films full of female flesh. The titillating cast is a veritable who's who of Euro-hotties, including Maroussia Dubreuil, Lise Bellynck, Marie Allan, Margaret Zenou and many others. The film-within-a-film may be about female pleasure, but *The Exterminating Angels* is all about male pleasure!

Internet Intercourse

BY
SUNNY RAY

101

Well, we've finally done it. We've come upon an age where you don't even need to leave the house in order to get off, start a career or become a famous star. It's an age where viruses can be avoided simply by not sticking your disk into someone else's Ram. That's right. I'm talking about the age of the computer and all of the captivating conveniences that go along with it.

With the invention of the World Wide Web in 1991, the Internet became accessible to the general public, and porn took the Internet by storm. Since then, the Internet has opened the floodgates for a whole new era of the adult entertainment industry that will forever change the way we look at pornography...literally. It has set into motion a new and improved way for pornographic filmmakers to distribute their sexy smut, and it allows many more young, aspiring sexual seductresses to sell their bodies to the world.

When you think about the world's leading technological trailblazer, the first thing that pops into your head is usually not pornography. But that's exactly where a lot of today's groundbreaking technological exploration is starting when it comes to the Internet.

Move over Bill Gates. Pornographers are generally the first to exploit the latest artificial-intelligence info these days. From video streaming to those annoying yet alluring pop-up ads, its bold Internet experimentation makes porn one of the most, if not the most, profitable of online industries, even becoming staples in some Fortune 500 companies.

Porn on the Web has become so profitable, in fact, that it has left many of the less cybernetic members of the porn industry in the dust. According to Steven Hirsch, the co-chairman of Vivid and one of the most successful adult-film producers in the world, DVD sales are down by half of what they were three years ago due to

people turning to the Web when they want to get turned on.

The notorious John "Buttman" Stagliano offers a great example of how the world's leading porn moguls embrace the newest method of viewing adult content,

which has people everywhere embracing each other—or at least each other's backsides. Stagliano's ass fetish turned him into one of the top names in porn production back in the 1980s when he began creating gonzo adult films that completely

revolutionized the industry. When the Net became public domain, Stagliano saw his opportunity and jumped on the bandwagon early. Now his production company, Evil Angel, has erected a multitude of Web sites—and even more schlongs—contributing in large to its multi-million dollar income.

Or consider the infamous Bang Brothers, who have taken adult content on the Web to a whole new level, putting the gonzo pornographic format on a large-scale. Their porn skips the played-out movie and just goes straight for the hardcore heat that gets us horny. These guys now have estimated annual sales of \$20 million and an extensive fan base. Not bad for only about 40 employees.

Not only have adult-

“Tell me what turns you on and what you want me to do as I moan your name in pleasure.”

entertainment producers found a new outlet via the Internet, but the present and future top porn stars in the industry are taking advantage of the World Wide Web to exploit themselves in a way that they never had access to in the past. Triple X stars like Velicity and Naomi would never have had the status that they enjoy today if it were not for the Net. Both of these girls, like many others, debuted their delectable female form for the first time by way of the Web.

Velicity Von has now starred in over 60 films in both online and home video format, and she made her first appearance on none other than the Bang Brothers Website.

Naomi St. Claire is another one of the Bang Brother's proteges, and she has not only gotten huge recognition from the Web site, but she's also gained popularity for being one of the new-age stars who have established an intimacy with her fans that would have been impossible pre-Net. If you go on her official page, for instance, you'll find this:

"Welcome to my new, all-exclusive website. I have been working on this for a while searching for the best way to give you all of me. I have never been fucked and filmed like this.

I love special requests and I want to here from you. Tell me what turns you on and what you want me to do as I moan your name in pleasure."

It delivers a new aspect for the porn generation that involves the viewer directly, promising an even more up-close and personal experience with the ladies you love to love.

Even well established porn stars have realized that they need to construct channels through the Web in order to stay ahead of the competition. Whether they like it or not, their DVD sales are plummeting while the girls on the Net are soaring to levels of fame that they never thought possible. As a result, even the most prominent names in porno such as Jenna

Internet-launched stars like Naomi (above left) and Velicity (above right) are porn's future.

Jameson and Brianna Banks are actually competing with their own DVDs by putting up personal Web pages featuring original video content and photo shoots. Hey, if you can't beat 'em, join 'em; right?

And this new naughty-Net phenomenon doesn't stop there. It's quickly infiltrating every other popular page that the Web has to offer. Sites like MySpace.com and Facebook.com are no longer merely for social networking. According to Hitwise, the market-research team, sites like these are dominating the Internet. Pornography's

reaction—dominate the sites. When the Net-based social networking scene began to rival the Net-based porn scene, advocates of the adult industry didn't get worried, they took advantage. My Space, which assembles over 10 million hits a day, acts as home to thousands of porn stars, directors and producers, and, by generating a way for anyone to create a personal site with just a user name and password, it has introduced us to an abundance of amateurs who would never have been noticed otherwise.

But the porn fanatics won't stop there either. Podcasts are becoming the next big thing, and porn providers will be the last to be left out. Podcast founder Andrew Leyden pretty much summed it up when he told Newsweek "no matter what the technology is, sex finds a way to get involved." Provocative podcasts like the "Dawn and Drew Show" and "Polyamory Weekly" are taking over, which is no surprise given pornography's background in this uncontrolled market.

There are those pornographers who make the mold and there are those pornographers who break the mold. The ones who are breaking it are the ones who are on top, and there's no stopping something that nobody truly wants stopped. After all, you know what they say...Where there's porn there's a way.

FRESH FLESH

Before we kick off any of our special sections, including our very sexy sisters section, we know you want the our newest nudes! So here's a hearty helping of Fresh Flesh!

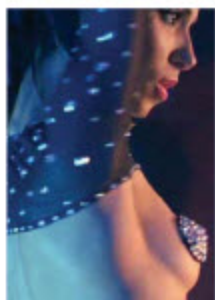

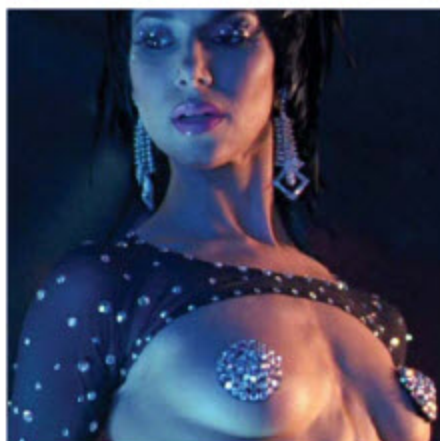

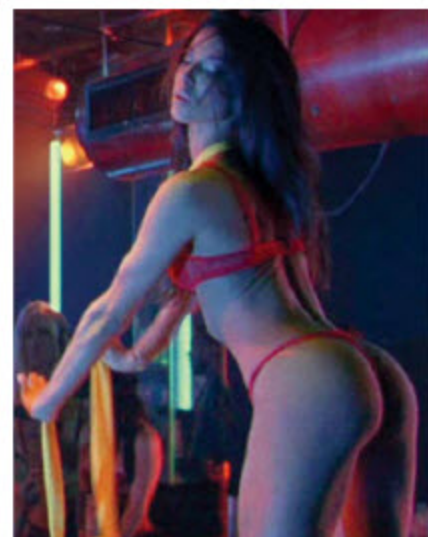

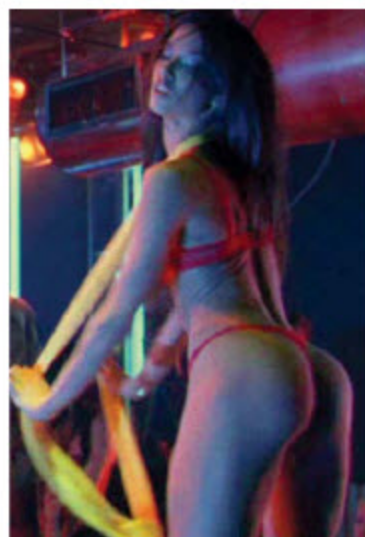

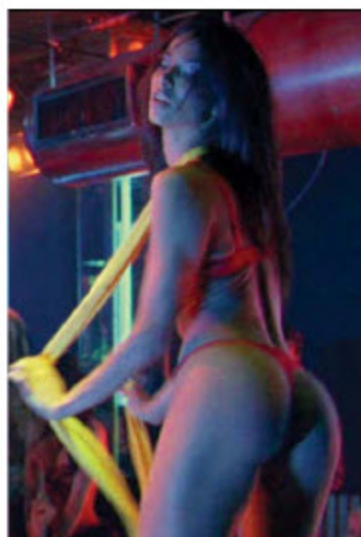

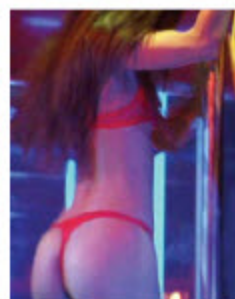

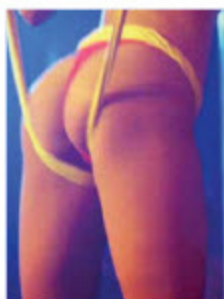

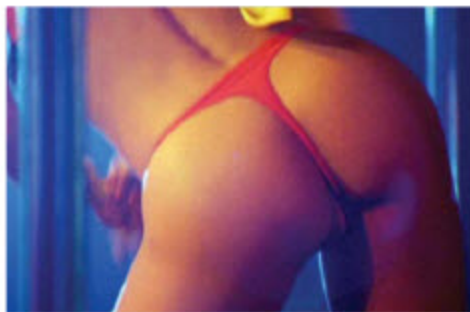

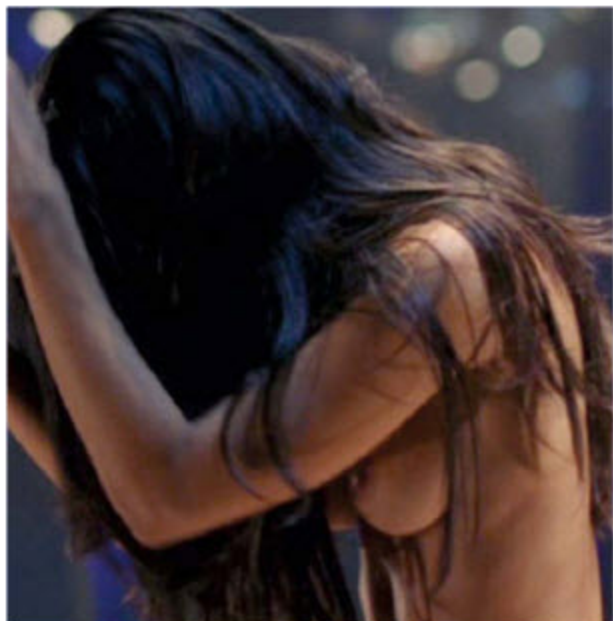

ROSELYN SANCHEZ

BORN: April 2, 1973, San Juan, Puerto Rico

SEXY SIGHTINGS: Roselyn's character was once a promising ballet dancer in her native Puerto Rico, but once she hits New York City, the only dancing she does is in a strip club as a stripper named *Yellow* (2006, spread). Although ambivalent about her new career as a pro-*flesh*-ional, once her great-white Caucasian of a love interest (D. B. Sweeney) wants to sweep her off to a new life in Australia, *Yellow* has trouble deciding between love and her delectably dirty dancing! This stripper-approved spread is a full-on lap dance of a layout. Luckily for you guys, these pics won't cost you a single crumpled dollar!

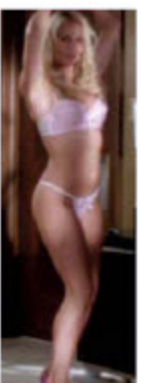

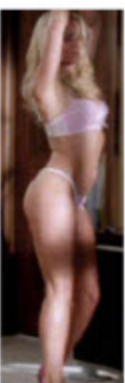

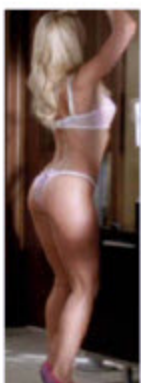

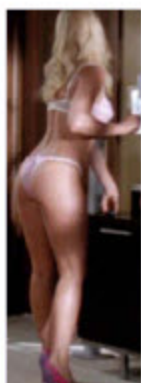

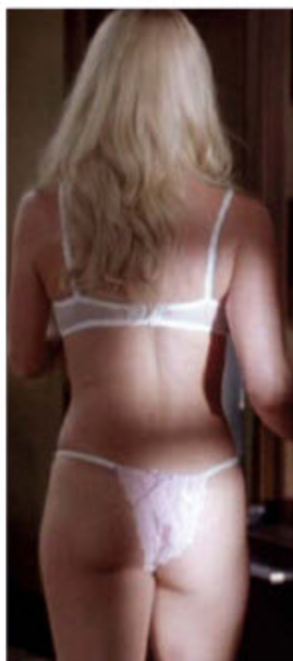

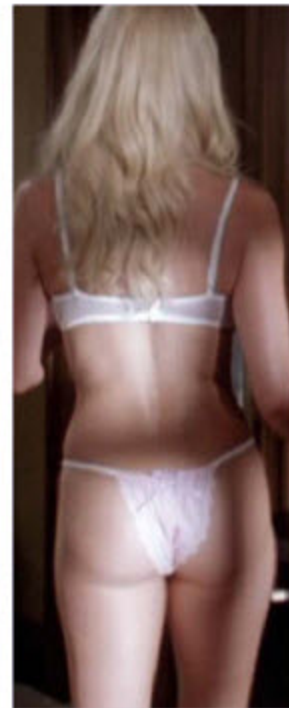

PUERTO RICAN BUM: Roselyn is one hell of a cock-tail—especially when shaking her tail! She wears many costumes in Yellow, each one a turn on. Funny, but back when I saw *Cats* on Broadway, I don't remember it making me cum...

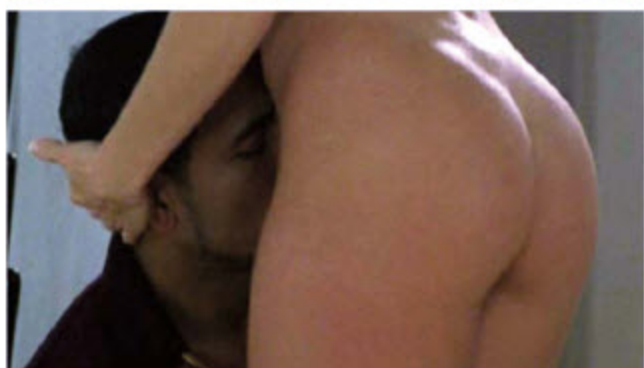

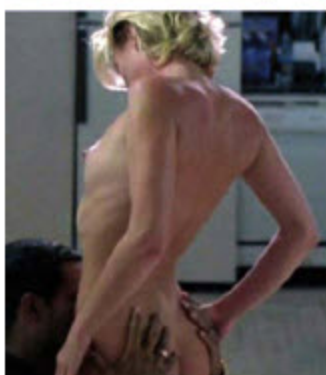

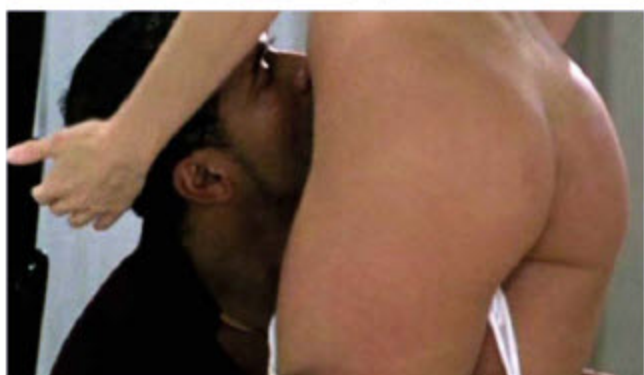

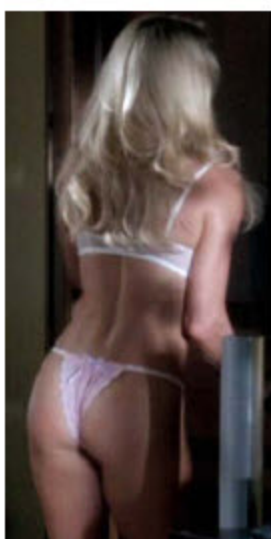

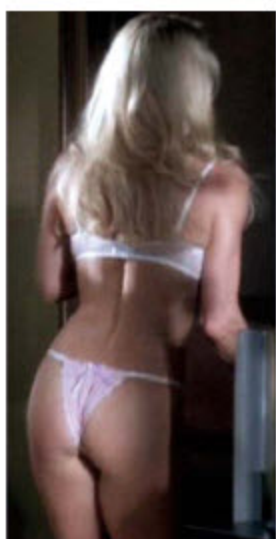

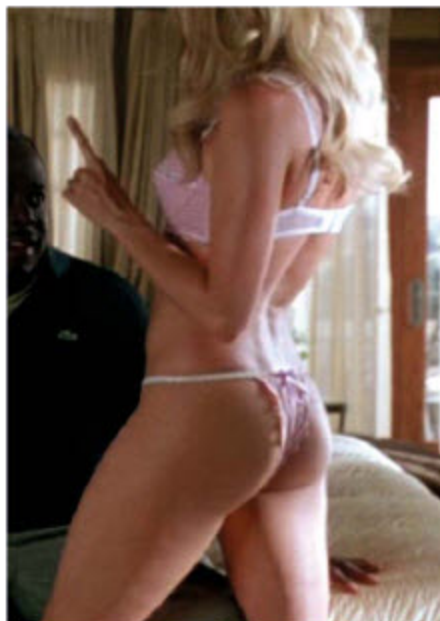

NICOLLETTE SHERIDAN

BORN: November 21, 1963, Worthing, Sussex, England, United Kingdom

SEXY SIGHTINGS: In the Cedric the Entertainer headed *Code Name: The Cleaner* (2007, this page and opposite top, middle) Nicollette plays a not-so desperate housewife that'll have your one-eyed spy growing right along with the *cum*-edic conspiracy. When Sheridan does her high-heeled seduction dance, her thong rides so high and tight between her backside crevice, we might have to pull out the *nut* buster to suck that sling back to where it belongs—preferably off, as she so shamelessly showed is possible in 1999's *Raw Nerve* (opposite bottom). That's one nerve we'd be happy to pinch!

RAW CURVES: We wonder if Nicollette picked up the check for the muff-buffet she provided in Raw Nerve. Mario Van Peebles certainly didn't mind eating with his hands and from the looks of it, it was an all-you-can-eat tongue treat!

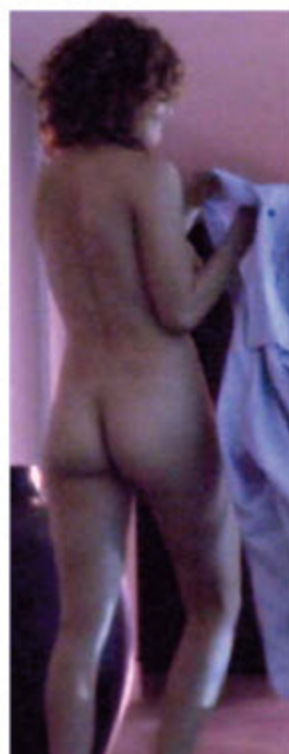

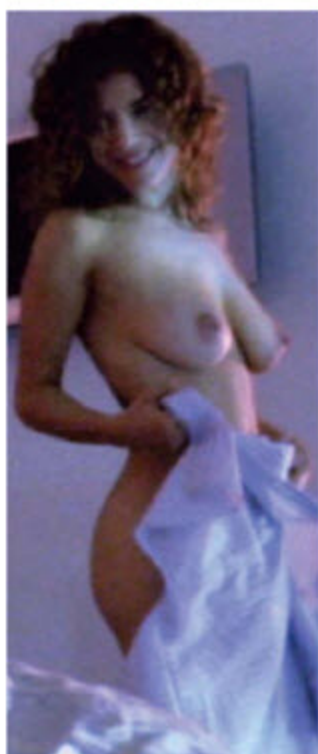

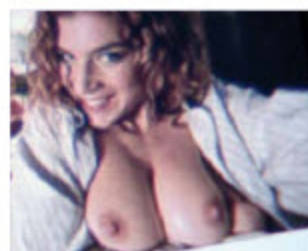

ROBIN SYDNEY

BORN: January 4, 1984, Boulder, CO

SEXY SIGHTINGS: In the B-movie creature-feature *Big Bad Wolf* (2006, this page), Robin gets attacked from the back as one of the boys feels the natural need to nuzzle his man-muzzle deep into Sydney's slot. It seems that she'll be the one taking a slippery silver bullet this time around. In 2007's *Masters of Horror: Right to Die* (opposite page), there's nothing horrifying about Robin's well rounded rack! Her flaming red hair and that ass—which is to die for—will have you mastering the art of pulling out your pud-plug and breathlessly begging for a delightful death by *muff-ication*!

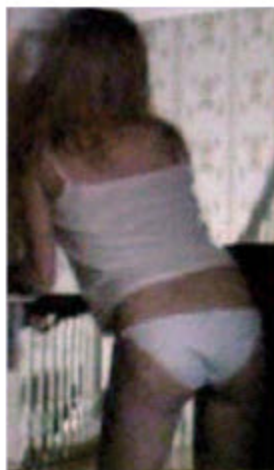

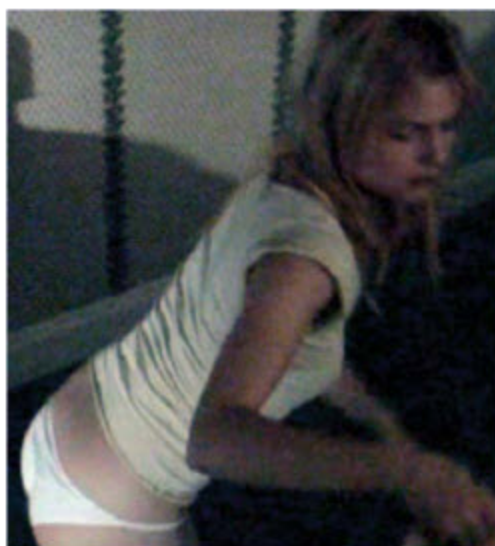

LITTLE RED RIDING WOOD: When she found out that it wasn't grandma hiding underneath those sheets, Robin got us throbbing by boning that big bad wolf. It seems every time Miss Sydney gets scared, our snout gets ready to mount!

IZABELLA MIKO

BORN: January, 21, 1981, Lodz, Poland

SEXY SIGHTINGS: This petite *Pole-ish* princess played the lead role in a German updating of Edgar Allan Poe's classic story *The House of Usher* (2006, this page), which gives us a nice glance at what little she wears around the house. It is a great whackable warm-up to her earlier film *The Forsaken* (2001, opposite page), an Australian vampire film that will have you thinking of sinking your teeth into Miko's mini mounds, which would be a profound experience indeed. Her beat-off appeal should be no surprise—she was born in a town that sounds like *loads*, and right now you're all blowing them!

HOUSE OF GUSHER: Izabella was a sweet treat in the pleasure pantry of The House of Usher, but it was the Aussie flick The Forsaken that had Outbackers and pud-packers everywhere shaking thier boomerangs at her poon-tang!

SYBIL DANNING

BORN: May 24, 1947, Wels, Austria

SEXY SIGHTINGS: In our never-ending quest to bring our readers fresh flesh, we sometimes *cum* across (besides the pages) long-lost hidden gems like *They're Playing With Fire* (1984, spread) on DVD for the first time. You'll be playing with something else during the delicious display of erotic, Austrian B-movie queen Sybil Danning and her gloriously golden tits! Ms. Danning's been doing some tanning, and—from cleavage to crack—her golden glow illuminate your mind and elongate your lightsaber. Sybil's sexy sauntering celluloid fire has burned for years and will live forever in our *mamm-ory*!

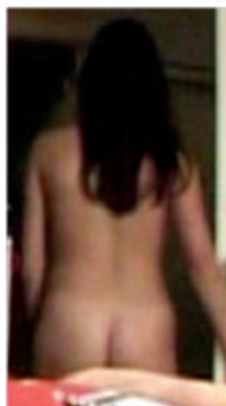

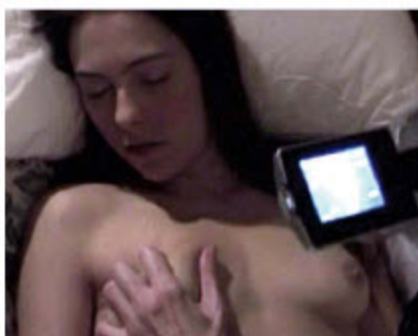

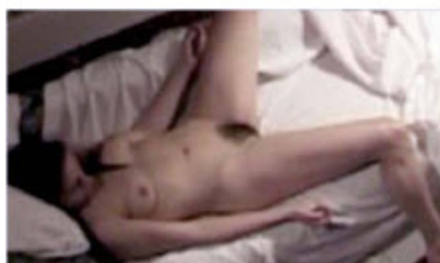

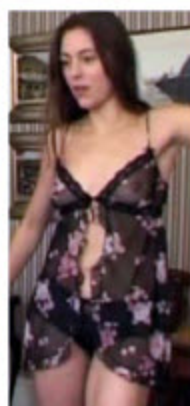

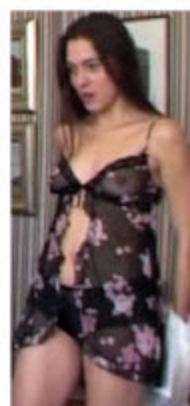

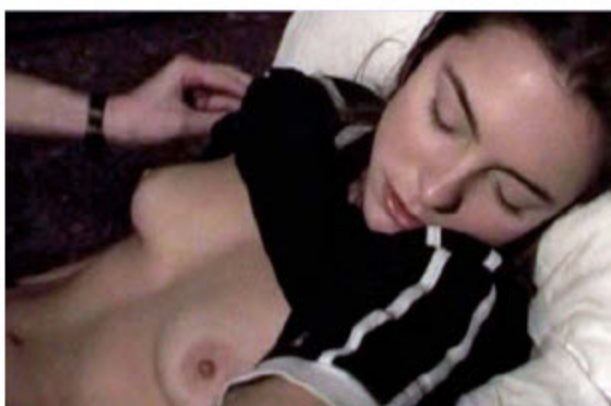

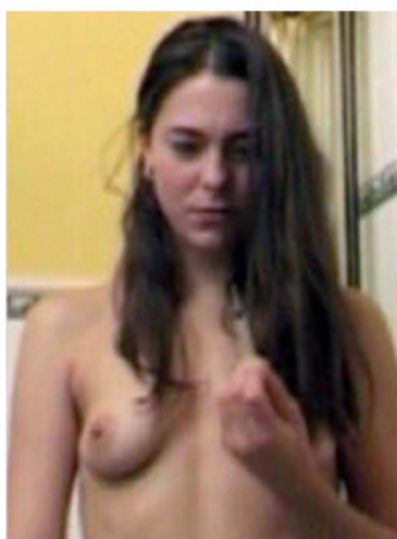

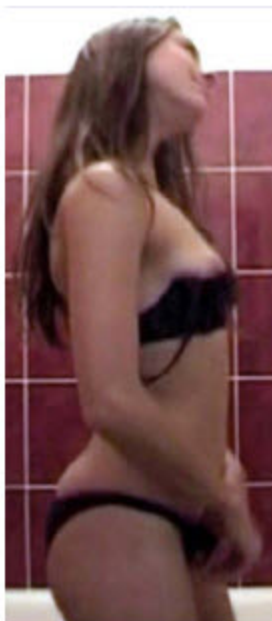

HEIL AT THE MOON!: In a rare film appearance, Sybil recently starred in the Rob Zombie directed segment "Werewolf Women of the S.S." in Grindhouse (2007). We still wouldn't mind sinking our phallic fang into Danning's dumplings!

FIONA HORSEY

SEXY SIGHTINGS: Just hearing the name of her previous film, *Penetration Angst* (2003), we knew that the newly released DVD *The Chambermaid* (2004, spread) was going to be a *moist* see. Boy, oh, boy, we couldn't have been more right. There are endless edible shots of Fiona's ample apples, tasty tush, and her beautiful black beaver bush! In a movie where deception and penetration lead to murder and mayhem, the only thing you the viewer have to worry about is making sure you don't miss an inch of all the skin that Horsey carelessly parades around the screen. She's certainly not the type of girl who will tolerate being saddled down with too much clothing—and for that, we applaud her pedigree poon!

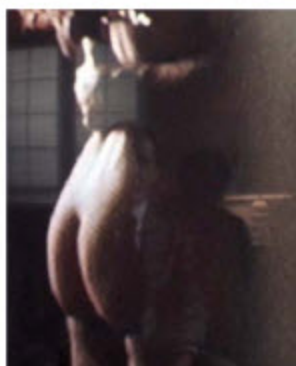

MY LITTLE BONY: We just can't stop thinking about riding this little Horsey bareback until we have an explosion of equestrian cream. Fiona is one fine thoroughbred that is always ready to be mounted!

KELLY PRESTON

BORN: October 13, 1962, Honolulu, HA

SEXY SIGHTINGS: With the newly released on DVD *52 Pick Up* (1986, this page top), we get to see Ms. Preston get painfully plugged for her audience way back before she ever got hitched to 5200 pounds of Travolta. Kelly's bed-based booty baring had our garage door sporting a taxi in the Danny DeVito vehicle *Twins* (1988, below). But it was 1985 where anyone could *look who's talking* about Kelly's muff and see hundreds of horndogs—because she showed that brown mound in *Mischief* (opposite top). Kelly still found time to roll out that perky Preston pair in *Secret Admirer* (opposite bottom).

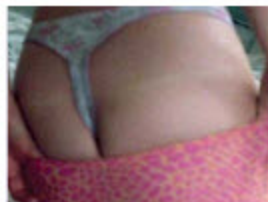

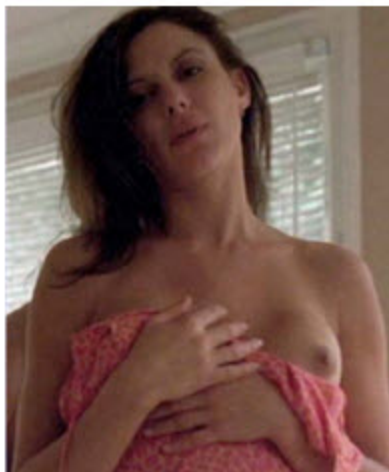

ROCKET BOOBSTER: In 1986 Kelly made the kid-friendly *Spacecamp*. Being an astro-nut drainer must have been a big change for Ms. Preston, who usually only finds herself responsible for the launching of young boys' pocket-rocket loads.

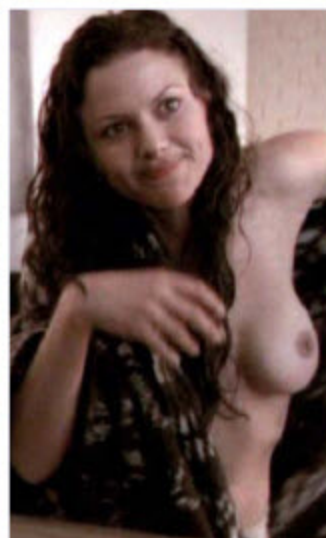

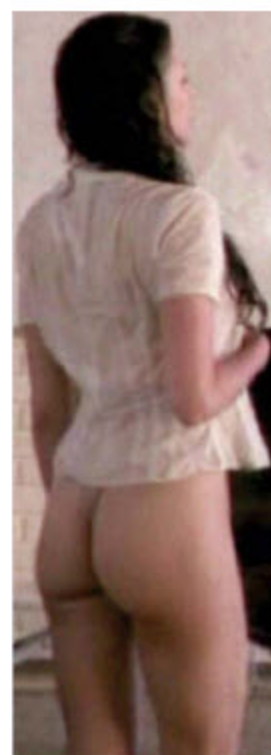

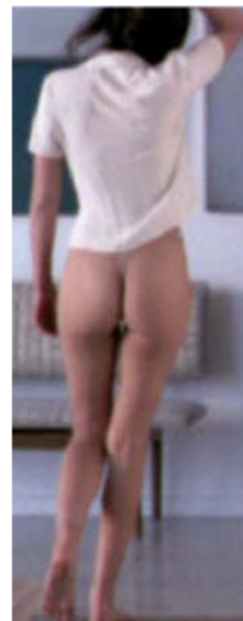

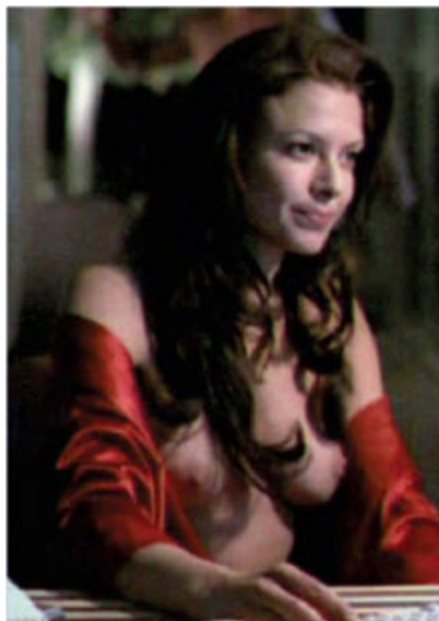

KARI WUHRER

BORN: April 28, 1967, Brookfield, CT

SEXY SIGHTINGS: If, from the sound of the movies Kari's done, it seems she likes to live life on the edge, then you wouldn't be surprised that watching her work leaves you constantly on the edge of going in your undergarments. From 2001's passionate *Poison* (top, middle, bottom left), to the bold backside banging by the *King of Ants* (2003, bottom right), Wuhrer is wet, wild, and almost always naked and naughty. In *Spider's Web* (2002, opposite page) she entangles our bo-jangles into seeing what a turn-on she is with a shirt on—but then, once it comes off, we're instantly getting off!

A-RACK-NIP-PHOBIA: We're not sure if she has a thing for bugs (she was also in 2002's *Eight Legged Freaks*), but whenever those beehive-bonkers pop out, our daddy long-leg can't help but rear his head in admir-bation!

SEXY SISTERS

This section pays tribute to those succulent siblings who turn us on for all the wrong reasons. Sure, you may have a favorite sister, but we all secretly dream of pulling off the ultra-rare *sister sandwich*!

NICKY & PARIS HILTON

SEXY SIGHTINGS: Although it may be hard to believe, Paris is actually the older sibling to mature sister Nicky. While Paris is living the simple life—both in and out of prison—Nicky is working as a fashion designer with her own line. Nicky was producers' original choice to costar with Paris on *The Simple Life*, but she turned them down, opening the door for Paris' best friend, Nicole "no such thing as ideal weight" Richie. Paris meanwhile is still trying her hand at being a movie star, music star and television star; so far, though, she's only managed to succeed as a dim star. The Hiltons both appeared in *Pledge This* (2007). Paris starred, and Nicky had an uncredited role. Gee, why wouldn't Nicky want her name credited...?

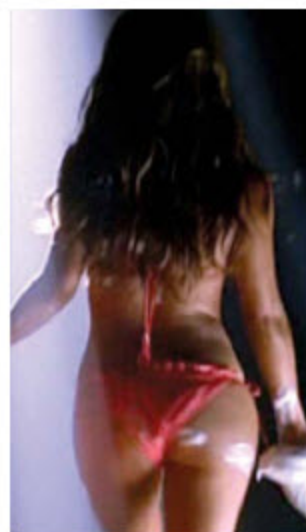

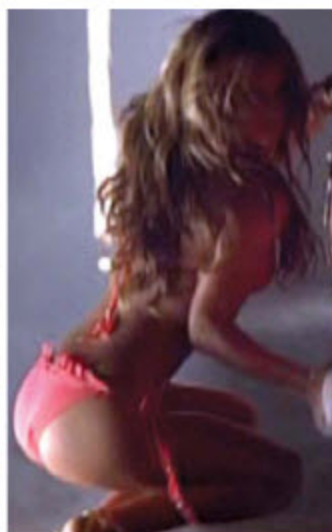

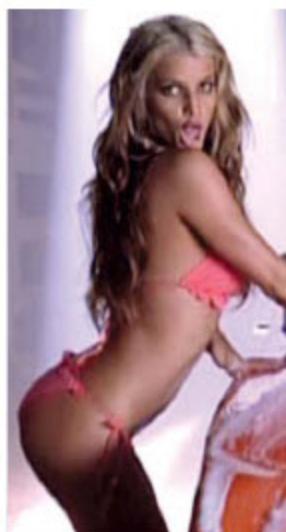

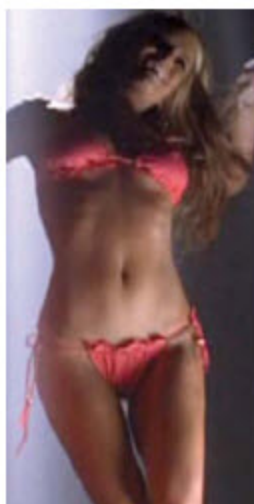

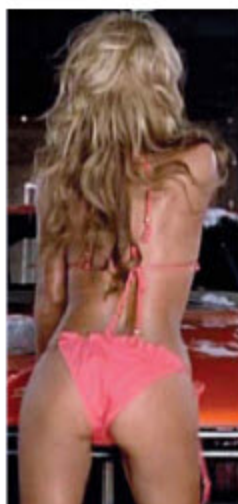

BACKSEAT THRIVERS: The Hilton girls are obviously no strangers to getting out of limos, but we didn't now they got off in limos! This shot was taken when the Hiltons' luxury car stalled after breaking both a fan belt and a garter belt!

ASHLEE & JESSICA SIMPSON

SEXY SIGHTINGS: We weren't big fans of Ashlee when she began her singing career, after all, her mediocre voice, lackluster songs and small breasts didn't excite us much. But now that her chest has filled out a bit, we don't mind her mediocre voice or lackluster songs! It sounds like big sis Jessica might have been an inspiration; after all, she parlayed the same arsenal into movie roles such as Daisy Duke in *The Dukes of Hazzard* (2006, this page), a tv series, *Newlyweds* (opposite page), and her own singing career. It's like the old maestros used to teach the classic opera stars of their day, "sure a nice voice will get the job done. But you can't teach *tits!*" That's one thing the Simpsons don't need to be taught!

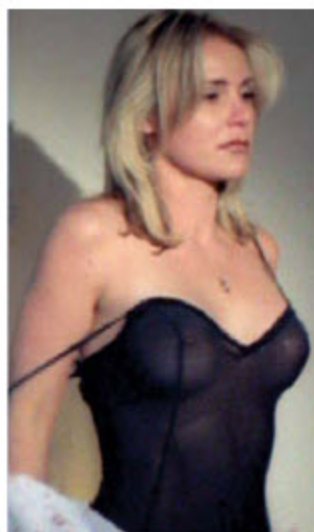

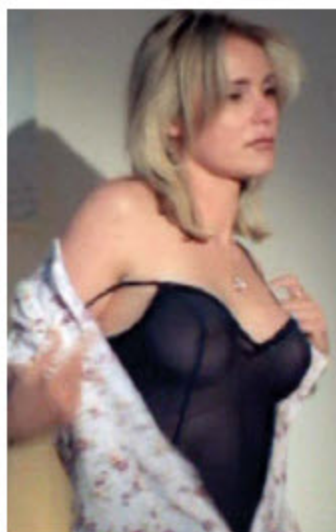

ASHLEE SEE, ASHLEE DO: Jessica has been hinting at a wardrobe malfunction for years now, but it's little sister Ashlee who stepped up to the plate and dropped her top at the beach. Then again, it was an accident...wasn't it?

MICHELLE & DEEDEE PFEIFFER

SEXY SIGHTINGS: Megastar Michelle isn't the only Pfeiffer whose body is as sharp as her acting chops. Little sister DeeDee has not had as much celluloid success, but can undress to impress just as well as her big sis. If you want proof, just check out *Radical Jack* (2000, this page), where DeeDee is teamed with master thespian Billy Ray Cyrus! When DeeDee flashes a thong, we're turned on; but when she sports stiff nips, she goes straight to our achy-breaky heart! As for Michelle, she's not hurting for movie offers, which is perhaps why she hasn't stripped down since 1985's *Into The Night* (opposite page). In the wacky John Landis flick, Michelle revealed her best side—whichever one is naked and facing the camera!

KILLER PROFILE: For Michelle maniacs who search every film she's ever done just hoping for a flash of flesh, *Into the Night* is their horny Holy Grail! Our favorite Catwoman may never strip again, but this scene paws our scratching post!

THE BARBI TWINS

SEXY SIGHTINGS: Only America could give birth to the delectable doppelgängers known as the Barbi Twins. Shane and Sia (we'd point out which one's which, but there seems to be no point) garnered media attention when their calendars became the top selling calendars around the world during the early nineties.

FACT: Shane Barbi married *Wiseguy* actor Ken Wahl back in 1997—that's right, Barbi married Ken! Soon after, Howard Stern got Shane to admit during an interview that she occasionally "shares" Wahl with her sister Sia. Now that really is a wise guy! Then again, given that the Barbis are identical twins, we have to wonder if Ken even knows he's being shared...?

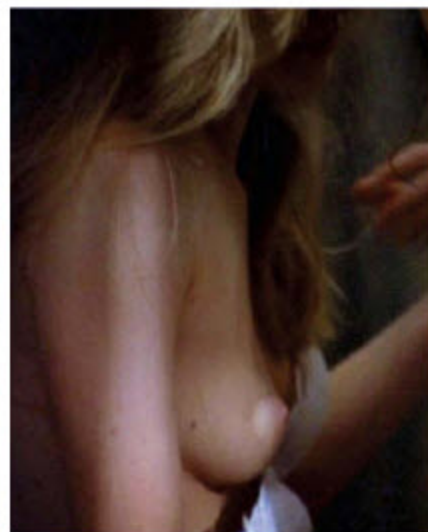

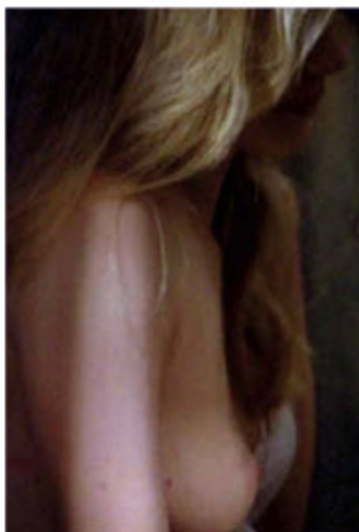

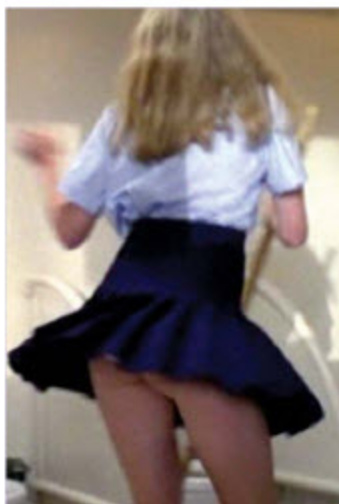

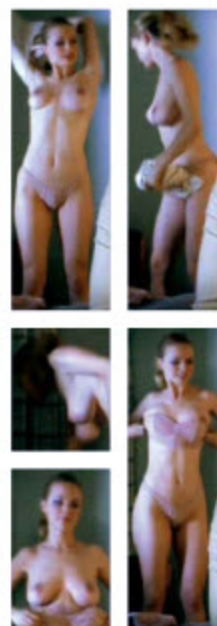

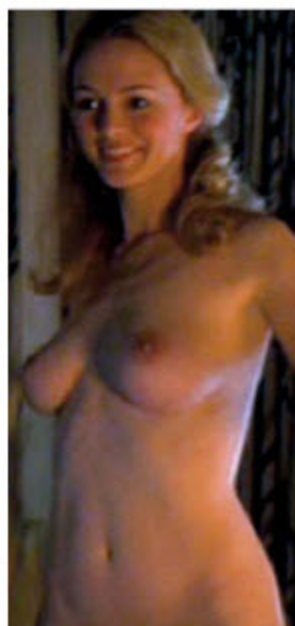

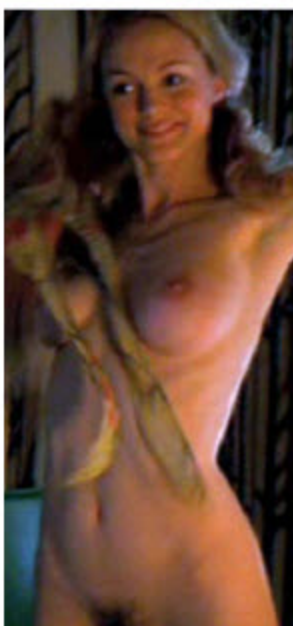

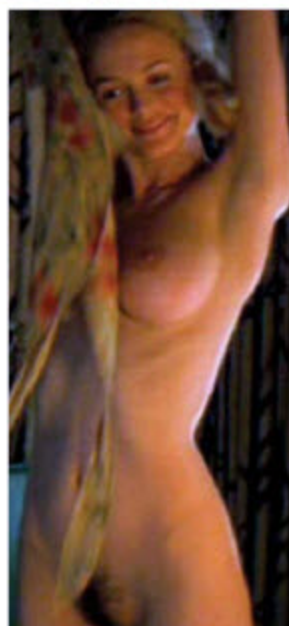

IDENTICAL TITS: We know what you're thinking, and no, there weren't any mirrors used in the taking of these photos. Though out of the public eye nowadays, the Barbis are tireless animal rights advocates. Good news for us wolves!

HEATHER & AIMEE GRAHAM

SEXY SIGHTINGS: Although Aimee has certainly been overshadowed by her big sister Heather when it comes to flashing the Graham goodies, she did let her naughty knickers fly, locked lips with another young lucky lass, and gave her perky breasts their screen test in *Reform School Girl* (1994, this page). Heather has made the Graham name synonymous with sex, boobs and cooze! Her bondage bonanza with Joseph Fiennes in the erotic pants-filler *Killing Me Softly* (2002, opposite page) will put some pink in your palm, but it was her roller-balling of Dirk Diggler's dong, as she played the part of "rollergirl" in Paul Thomas Anderson's *Boogie Nights* (1997, opposite right column), that set the Graham-goo standard!

GOLDEN GRAHAMS: Heather's tits and Aimee's tush create quite the sister-wood! If we could only get the two to team up and brandish their family fun-bags, providing us with a graham cracker hand-wich to feed our hottie hunger!

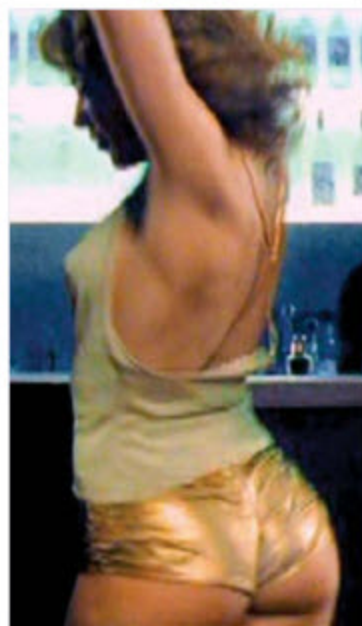

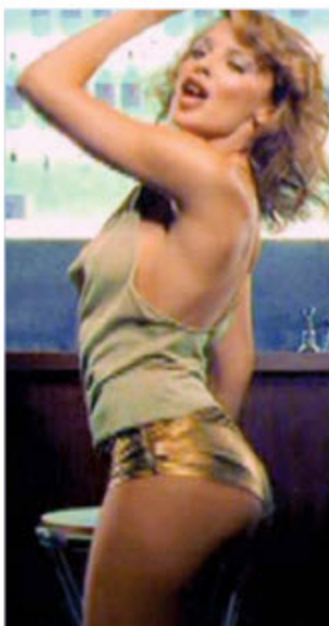

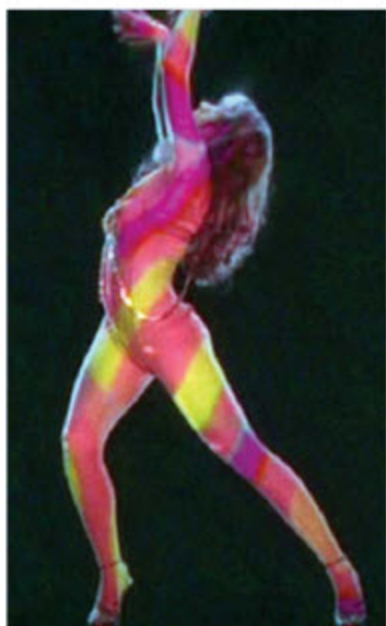

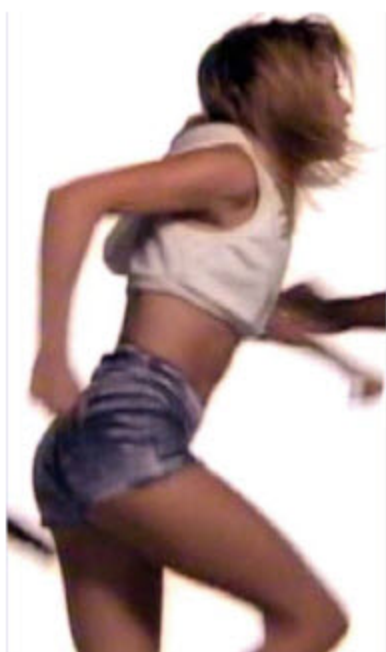

KYLIE & DANNII MINOGUE

SEXY SIGHTINGS: Everyone knows Kylie Minogue, but little sister Dannii has only recently begun to climb her way up through trash tv, the British men's mags, small film roles and finally the pop charts on the ladder to leggy stardom. With big-sis Kylie to show her the raunchy ropes it won't be long before people stop misspelling Dannii's name. Kylie's new DVD collection, *Ultimate Kylie* (2007, below and opposite page) compiles all the best moments from the sexy songstress's many videos. Though they were linked to many famous fellas in the past, both Minogue girls are currently single. So any of you guys who are interested in dating them, as long as you're sensitive, charming and a millionaire, you may have a shot!

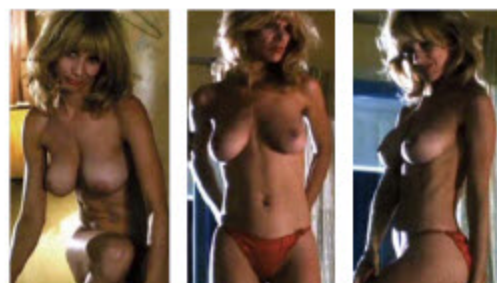

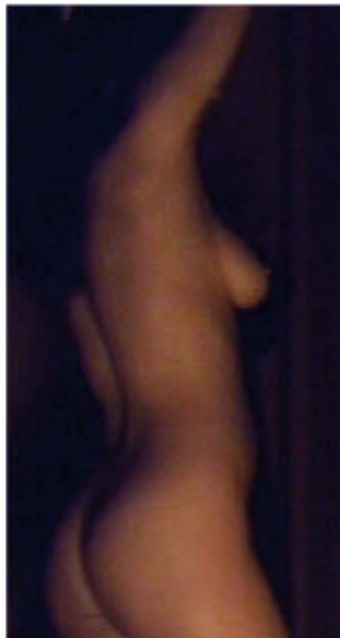

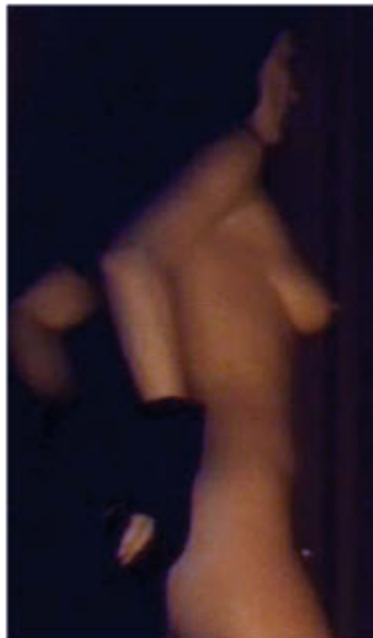

KYLIE ANTICIPATED: This Brit-babe has come a long way since her humble tv beginnings on the '80s Australian soap opera Neighbours. Kylie's now a chart-topping act whose music career is based as much on hot pants as high notes.

PATRICIA & ROSANNA ARQUETTE

SEXY SIGHTINGS: People forget that there was once a time when Patricia was known as Rosanna's sister, and not the other way around. Though their fortunes have reversed in Hollywood, Rosanna left a lusty legacy of skin-filled films that will be hard for Patricia to top, such as *Nowhere to Run* (1993, top), *The Wrong Man* (1993, above middle) and *Voodoo Dawn* (1998, below). In Patricia's defense, she did try to make up for her stingy nudity all in one fell swoop, with the demented drama *Lost Highway* (1997, opposite page). Blessed with good genetics, bedroom eyes and highly treasured chests, the Arquette sisters can do no wrong in our eyes. They even almost excuse the career of their brother David. Well...almost!

LUST HIGHWAY: Patricia's best nude scene is hands down *Lost Highway*, especially since David Lynch films are so hard to follow. If you can't follow the plot, just concentrate on her chest. Hello...? Guys...? You hear me? I didn't think so.

ANNIE SORRELL & ALICIA LOREN

SEXY SIGHTINGS: Sisters that shower together, stick together, and after watching Annie and Alicia get all lathered up in *Cruel Intentions 2* (2000, this page), you'll be in need of a bath yourself. Their twin peaks are something to marvel at, and the only bad intentions going on here is not caring which one is which, as long as one of these babes gives us some shower-head! When separated, the girls still have us as stiff as a pair of dirty jeans. Annie showed off her gorgeous genes in another shower scene that's positively *Satanic* (2006, opposite top), and Alicia had us spewing gobs with the mob as she sat pretty with her titties, on an episode of *The Sopranos* (2006, opposite bottom) that made us scream *Bada Bing!*

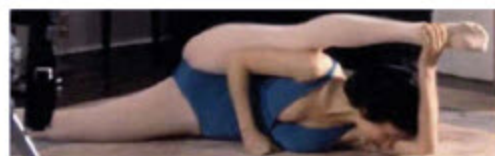

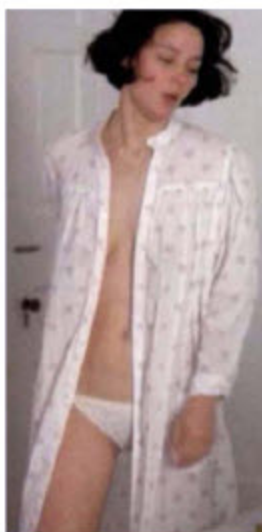

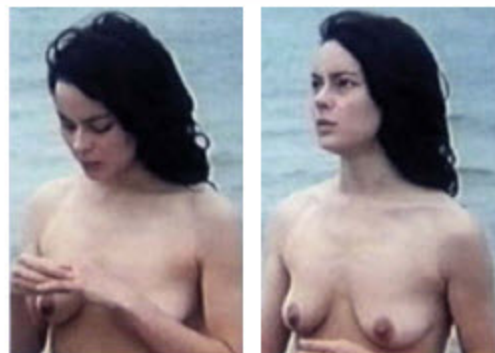

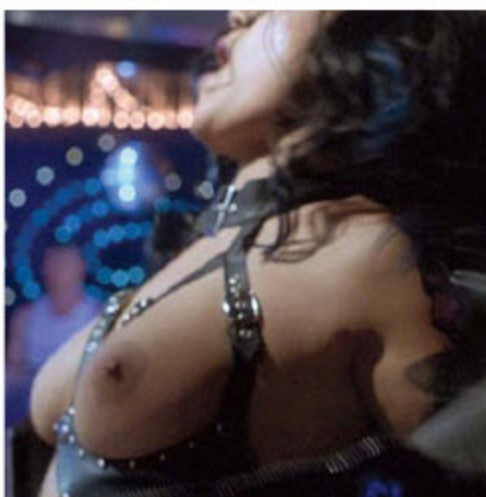

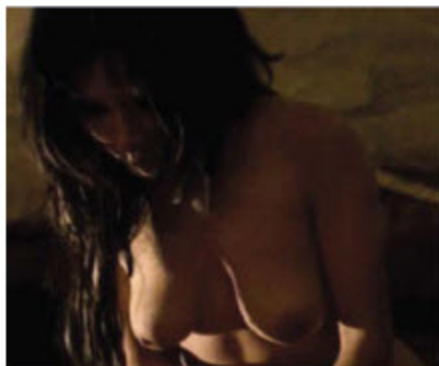

DOUBLEMINT CUM: *It's hard to tell the two apart, but there is not a part of the two that we don't like. It's refreshing to have twin sisters who don't mind taking off their clothes. Talk about double the pleasure and double the fun!*

MEG & JENNIFER TILLY

SEXY SIGHTINGS: Meg got out of the acting gate first, establishing her acting chops and her sex appeal in films like *The Girl in a Swing* (1988, above), *Masquerade* (1988, below left) and *The Big Chill* (1983, below right), but she was quickly eclipsed by the shadow of her sisters massive gazongas. Juggalicious Jennifer combined a childish voice to her outlandish curves and struck a T&A goldmine! She had titillating turns in flicks like *Shadow of the Wolf* (1992, opposite top), but for full-on double-D destruction, check out Jenn's pole-polishing work in the stripper-epic *Dancing at the Blue Iguana* (2000, opposite bottom), a film with an abundance of nudity that brings new meaning to the word "gratuitous."

BIG, FLOPPY TILLYS: Jennifer stole the show during her character's stripper set. Though she didn't give up the full monty, her wardrobe was obviously picked from the "almost naked" collection. Thanks, wardrobe mistress!

AUDREY & JUDY LANDERS

SEXY SIGHTINGS: If you grew up in the seventies, you had to love the Landers sisters. Well, you had little choice; they were everywhere. But their sex appeal was overwhelming and seemed mainly solely on the allure of their sisterhood. Unlike other sister acts, the Landers girls played up their differences—brainy Audrey playing George Burns to spacey Judy's Gracie Allen. But it was all an act; they're both equally smart and sexy! They pair were a staple on daytime-tv game shows and network-tv specials, but separately, singer/dancer Audrey popped up in *A Chorus Line* (1981, top right) while juicy Judy had campy roles in unique films like *Black Marble* (1978, below left) and *Dr. Alien* (1984, below right). And the Oscar goes to...

DRUGS AND JUGS

For film directors, there's no better combination for shock than the mixture of junk and spunk, because nothing gets Hollywood hotties naked faster than a drop of *ass-id* or a herion *ad-dick-tion*!

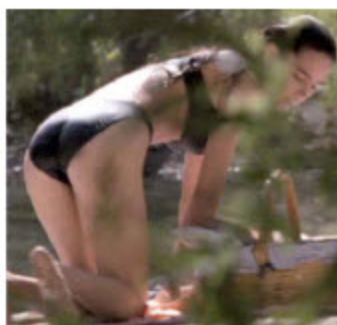

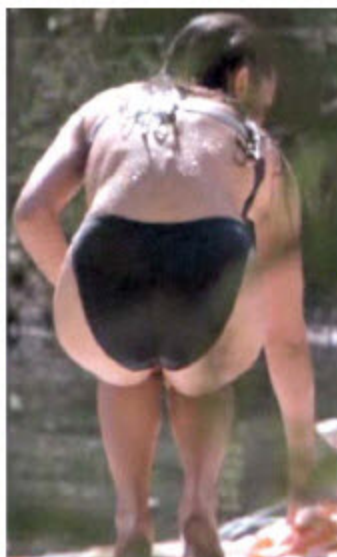

JENNIFER CONNELLY

BORN: December 12, 1970, Catskill Mountains, NY

SEXY SIGHTINGS: In by far one of the most eye-opening and trouser-unzipping films to capture the ravages and erotic savages of drug addiction, Jennifer Connelly goes hardcore to score for her and lover Jared Leto in Darren Aronofsky's devastating vision of sex, drugs, and *cock & balls* in *Requiem for a Dream* (2000, this page and opposite top). Her blurry-eyed bush shot will forever be remember by junkie cinefiles, but if you're ever looking for a sobering shot of Connelly's can-cans, just follow the track marks straight to her bare-naked beach scenes in *The Hot Spot* (1990, opposite bottom).

KNOCKERS AND THE DAMAGE DONE: Not unlike a heroine from a Neil Young drug song, Ms. Connelly attacked our nervous systems and had us jonesing after phallic films like *The Hot Spot*—as she made Jennifer junkies of us all!

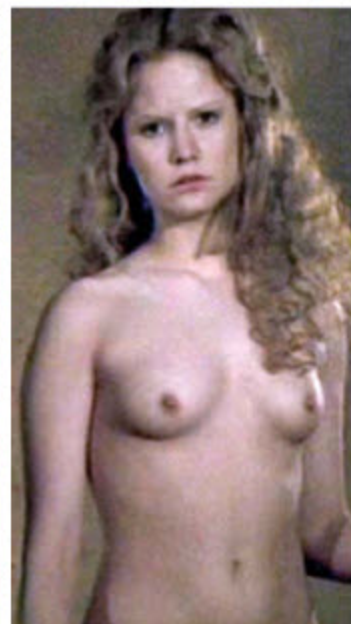

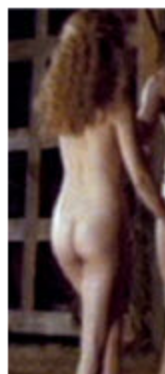

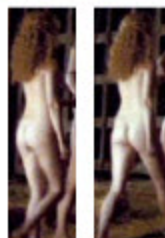

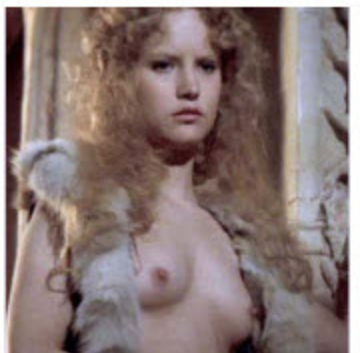

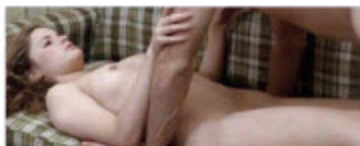

JENNIFER JASON LEIGH

BORN: February 5, 1962, Hollywood, CA

SEXY SIGHTINGS: The only lines nicer than the ones she was putting up her nose in the undercover-lover flick *Rush* (1991, top and middle) was the perverted curve running down her backside. If I was Jason Patrick, I would have been in a rush to get in too deep as well! In the infamous *Single White Female* (1992, bottom), she proved how erotically dangerous a naked lonely woman can be by scaring our cocks straight into the palm of our hands. Then there's the time back in her dirtier days when she gave us *Flesh and Blood* (1985, opposite bottom), with the emphasis being on the *flesh*!

IT WAS A BOOB BATH: She covered our creamy dreams with a bounty of boobage with *Flesh and Blood*, but it was her titty-baring teen three years earlier in *Fast Times at Ridgemont High* (1982, top) that first put Leigh in our laps!

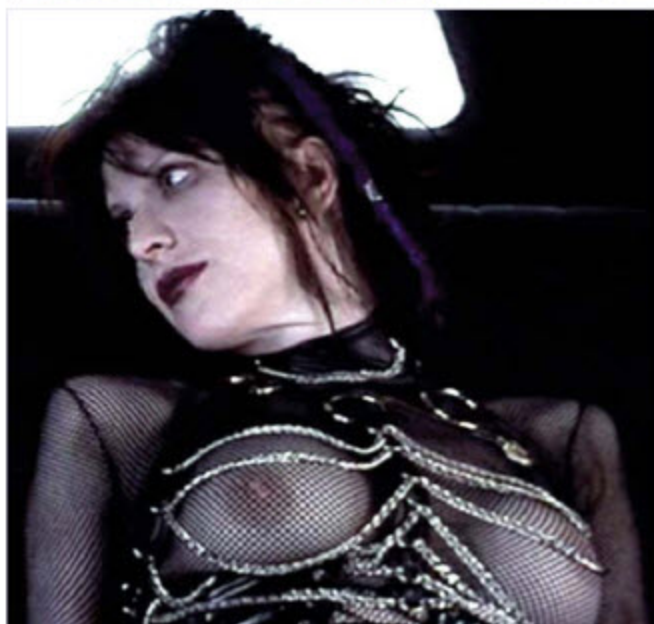

COURTNEY LOVE

BORN: July 9, 1964, San Francisco, CA

SEXY SIGHTINGS: When it comes to life imitating art, no real-life pill-popping, crotch-slopping star fit the role of hussy *cum* lately than Courtney Love's raunchy Althea in *The People vs. Larry Flynt* (1996, spread). She spreads 'em, she beds 'em; she loves the drugs and shows the jugs. If there were ever a masochistic mascot for this section—who bared her body as much as she has scarred it—no one holds a candle to Courtney and her *Love* for scandal! This *spread* maybe an over dose of dirty deeds, but if you ask us if we're overstating Courtney's drugs & jugs credentials, we *'taint!*

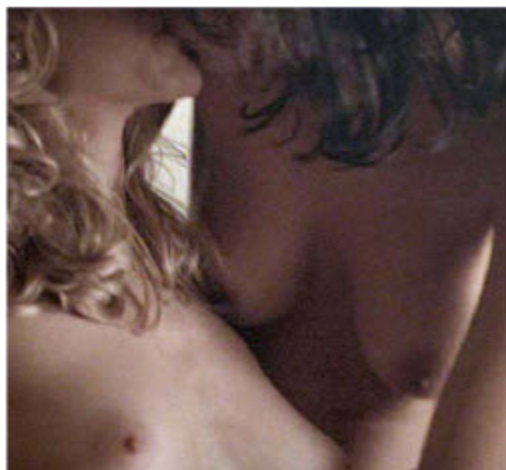

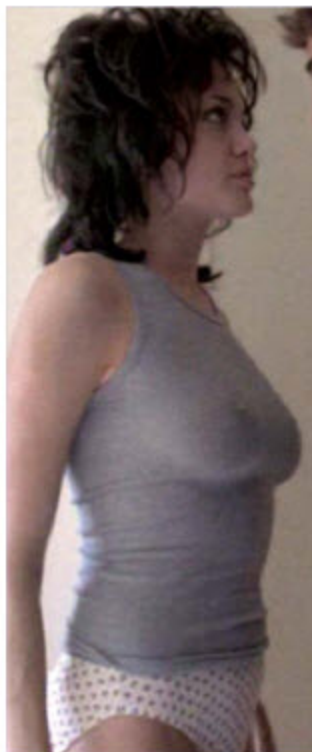

SMELLS LIKE TEEN SPIT-UP: As Larry Flynt's lover, Ms. Love put a lot of herself out there on the screen to portray a woman who was supposed to make us cream. But knowing Courtney, it probably felt like just another day!

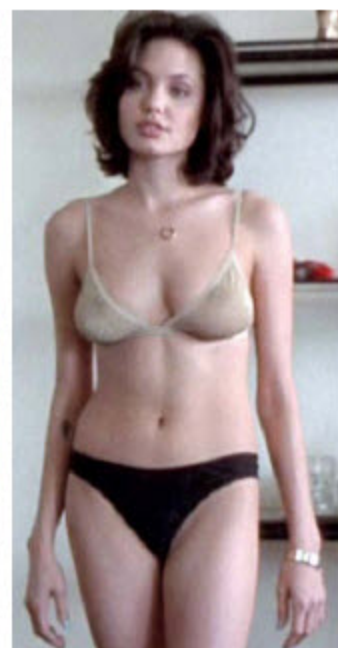

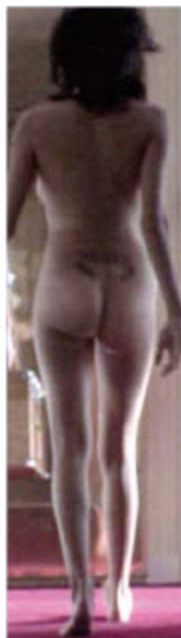

ANGELINA JOLIE

BORN: June 4, 1975, Los Angeles, CA

SEXY SIGHTINGS: When she's not busy adopting, Angle likes to do a little film acting. Her breakthrough role, however, wasn't on the big screen, but rather in a TV-movie *Gia* (1998, spread), playing tragic supermodel Gia Carangi who explored her tastes for drugs, fame and women until her early death. Angelina got to show off her acting range, be it hetero or homo in nature. If you need your nudity a little better lit, try her earlier work in *Mojave Moon* (1996, opposite page bottom). In the comedy, Angelina falls for a much older man. No, not Brad Pitt—Danny Aiello! Yeah, we suspect a deal with the devil too.

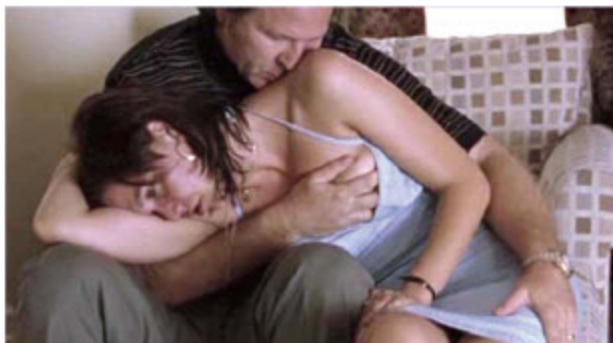

MOJAVE BOOBS: We sincerely hope that Angelina finds the time in between her charity work to do another nude scene as she did in Mojave Moon. That is, if there aren't U.N. sanctions against her going topless again....

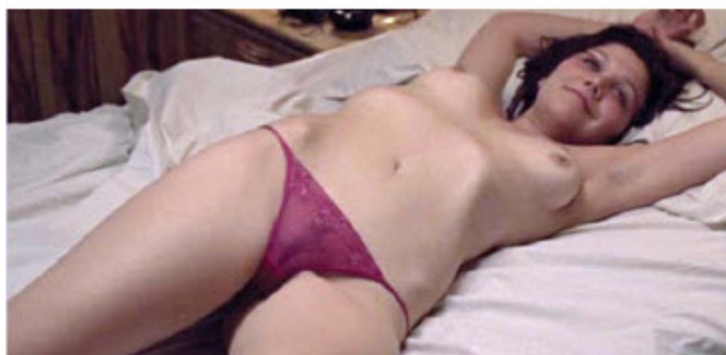

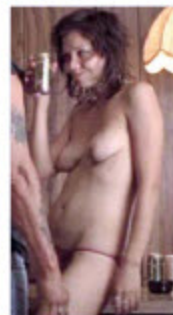

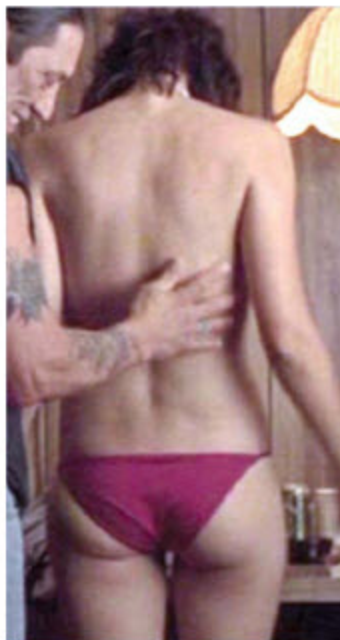

MAGGIE GYLLENHAAL

BORN: November 16, 1977, New York, NY

SEXY SIGHTINGS: In a stand-out performance in which Maggie spends most of her time bent over or on her back, *SherryBaby* (2006, spread) portrays the power of drugs, jugs and thugs. Gyllenhaal plays Sherry Swanson, a women recently released from the slammer—who allows everyone to *slam*-her—as she discovers just how difficult it is to regain her estranged daughter and get her life back. Played with grace and grit, Maggie is Oscar bait (while we *masturbate*), until she suffers an overdose of high-grade junk and low-brow spunk. Sounds like a *Boned Jugs-N-Harmony* song in waiting!

JUNK IN HER TRUNK: It seems that everyone gets to fire up their spoon and stick it in Maggie's poon as this SherryBaby had popped her cherry a long time ago. Even ageless wonder Danny Trejo needles her from dusk till dawn!

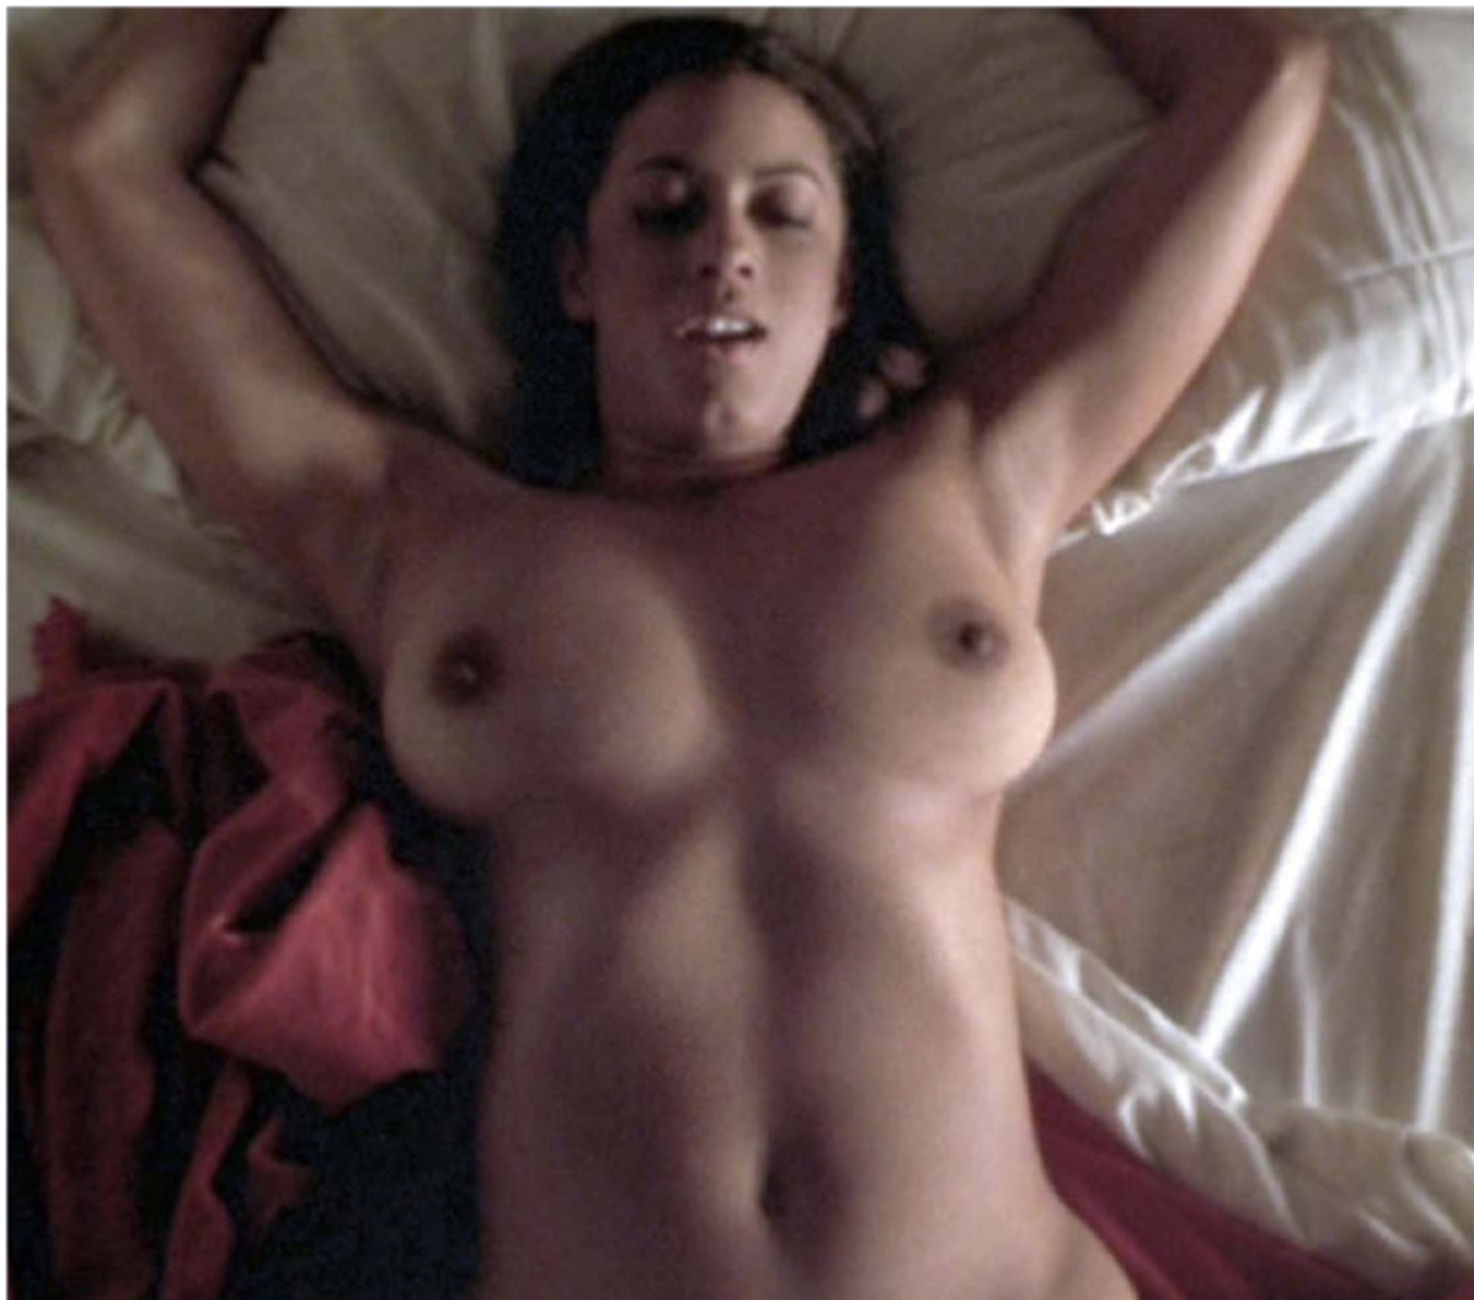

CYNDA WILLIAMS

BORN: 1966, Chicago, IL

SEXY SIGHTINGS: In 2005 Williams did a little-known movie called *When Do We Eat*. Now, for those of us here at *SKIN*, we were thinking about Cynda's slick sex cylinder, but she was probably reminiscing about the carnal-cartel film that had her *Caught Up* (1998, spread) in eating acid and dropping her panties. This life after prison gangster film provides a prolific amount of T&A that looks so good, you will be tripping over psychodel-dick as the hard hitting fellows can't keep their *bone-boys* from trying to slide their cock-glocks into Cynda's hot-box holsters. Now *cum* out with at least one arm up!

AUTOMAT-DICK WEAPON: As Cyndia's character lets herself get in deeper with the bad boys of her past, in-between all the violence, they somehow find the time to tap and rap on her wonderfully round mounds!

ROLLER DIVAS

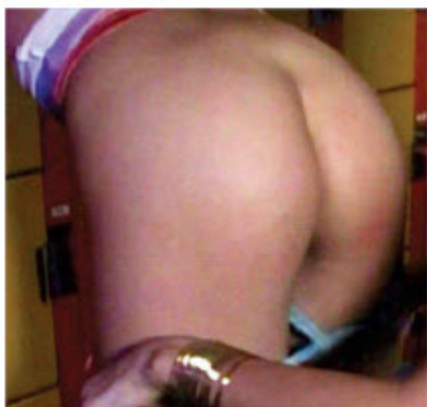

Get your *cock-ey* stick ready because when the gorgeous girls of *Roller Booty* strip down to nothing but their skates, you'll be pounding your puck until your salty-shot slides past their glory-hole goalie!

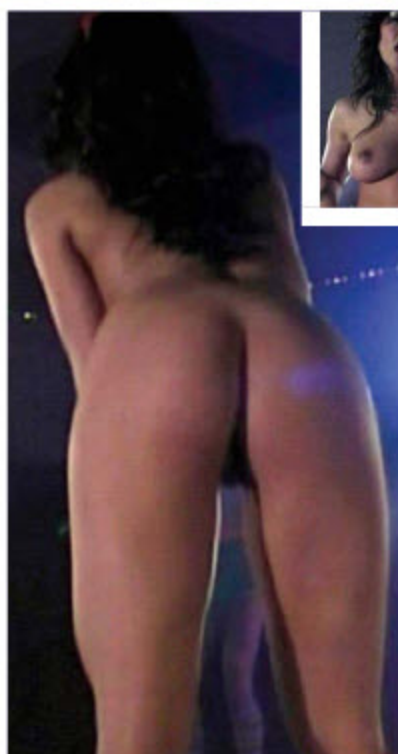

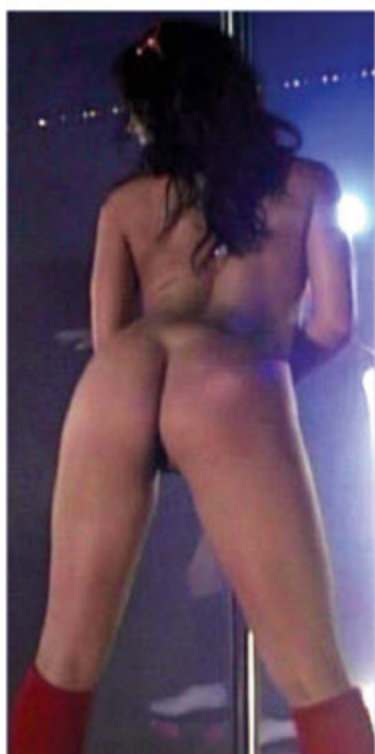

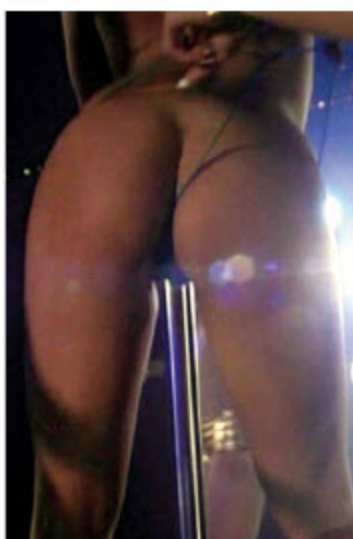

ZOE BRITTON

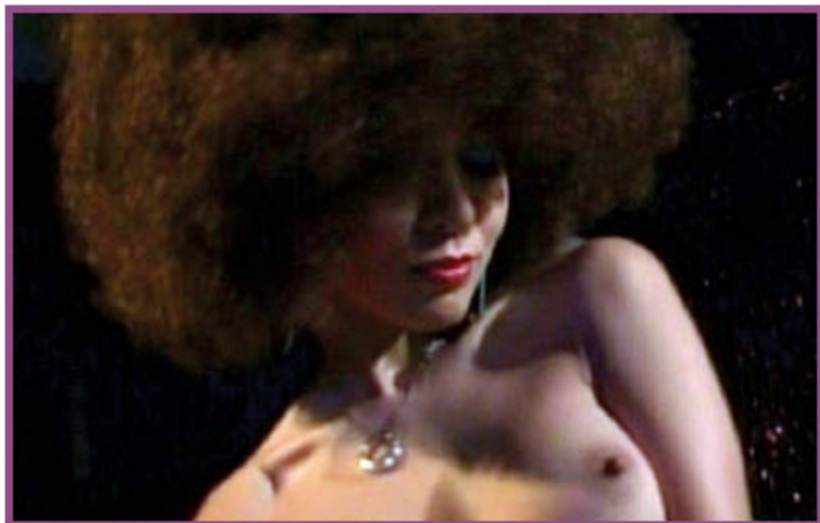

BORN: January 24, 1979, Riverside, CA

SEXY SIGHTINGS: Zoe is the star of the soon to be roller-rink classic *Roller Booty* (2006, spread), which is another fantastically phallic film from the fine folks at Peach DVD. Britton master-skates her way into a kinky surprise party that features so much gooey girl-on-girl action, you'll be popping a *feellie* the minute you hit play. In the mean time, while you're wiping yourself down, Britton and the babes will be getting busy busting out big boobs, begging beavers, and yes, a bevy or booty that's just begging to be rolled over by lip-lapping tongues and feverishly fondling fingers!

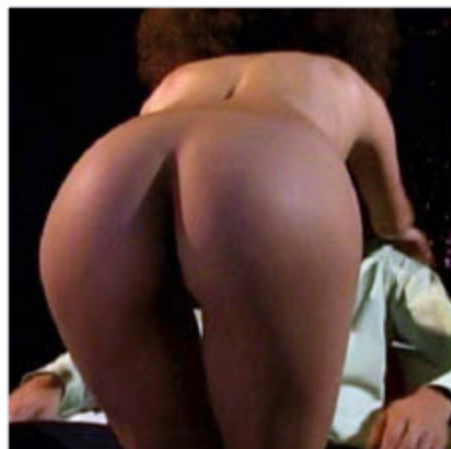

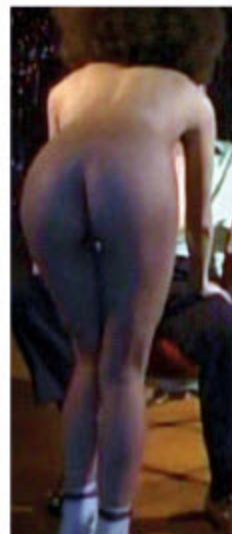

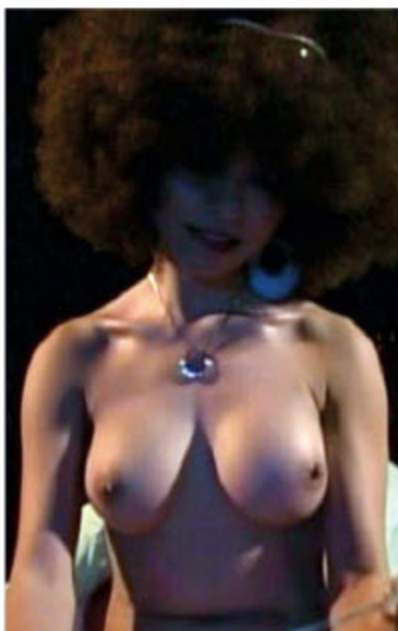

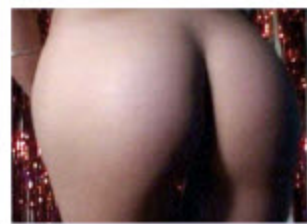

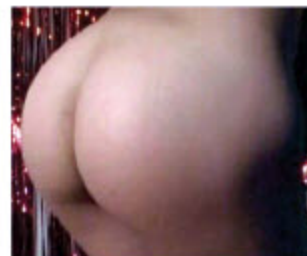

BALLED BEARINGS: Once Zoe finds out her frisky friends have more than just skating in mind when they invite her out to the local rink, she quickly succumbs to the carnal kink by getting laced-up and licked-down!

JENNIFER LEE

SEXY SIGHTINGS: Jennifer Lee is the very long-legged lass in the *Roller Booty* (2006, spread) romp who sports the fro on top and a glistening bare glow down below. On the love rollercoaster, Ms. Lee is the caboose! And you're all going to want to slide your goldfinger into this smoldering sexbomb's *schmoke-and-a-pancake* poon! Though this 'fro-fatale wears plenty of bling, it's that astounding, athletic ass that'll make your phallic fist-fiddle sing. This 8-wheeler leaves every *mother-trucker* out there with more than just a *semi*! Jennifer's juicy jugs round out the pervertedly perfect figure of a girl who foxily—and follically—towers high above the rest of the prurient pack; that is... until she decides to *go down*.

ONE NATION UNDER A COOZE: Her throwback afro might evoke visions of the dirty days of disco, but right now all we can think about is throwing her on her back and bouncing our disco-balls off those bootylicious bumper pads!

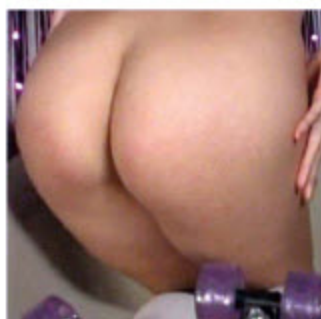

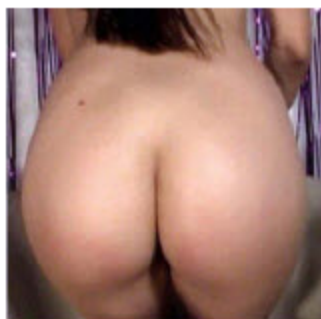

CELESTE STAR

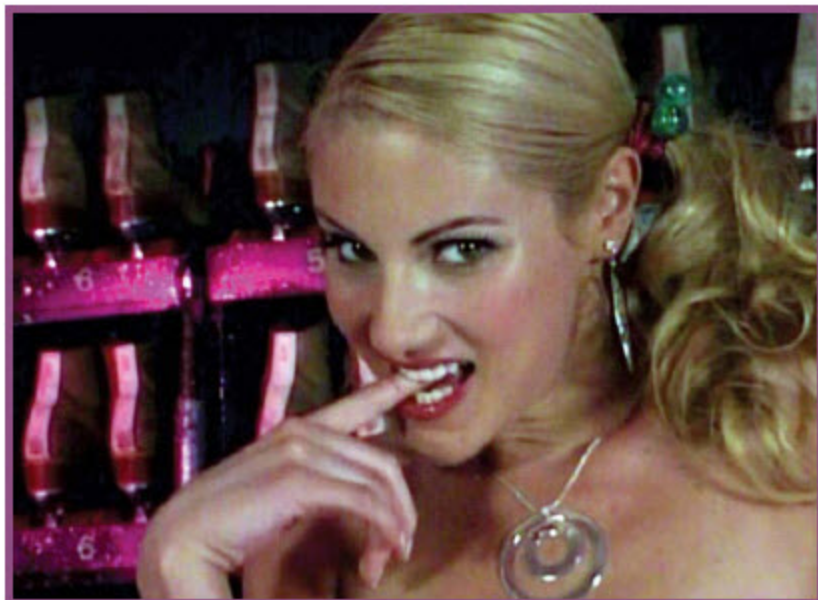

BORN: October 10, 1976, England, United Kingdom

SEXY SIGHTINGS: Celeste was the best at stripping down and showing off her salty starfish, as the naughty knee-high-clad knock-out blew right by the *cum*-petition in *Roller Booty* (2006, spread). She might not have been the *Star* of the show but this horny hoop-eared erotic angel was the *head*-liner of many of our own solo-stroking shows! This U.K. cutie has the poon-power to skate circles around your roller rod. The rest of Celeste's gushing girlfriends squirt a river of their kink-rink drink with just one spin of her wet wheels, and you will too—as this babe makes sure your *freaky* wheel gets oiled!

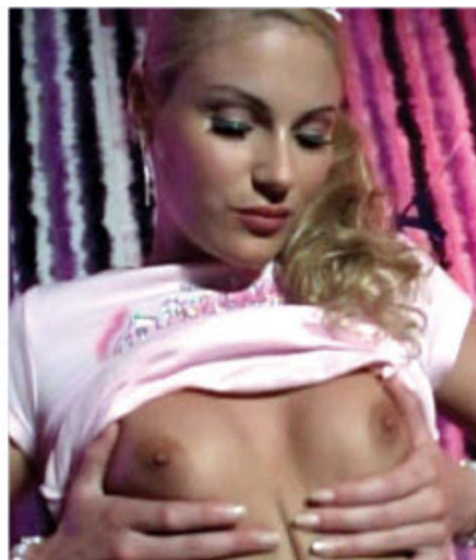

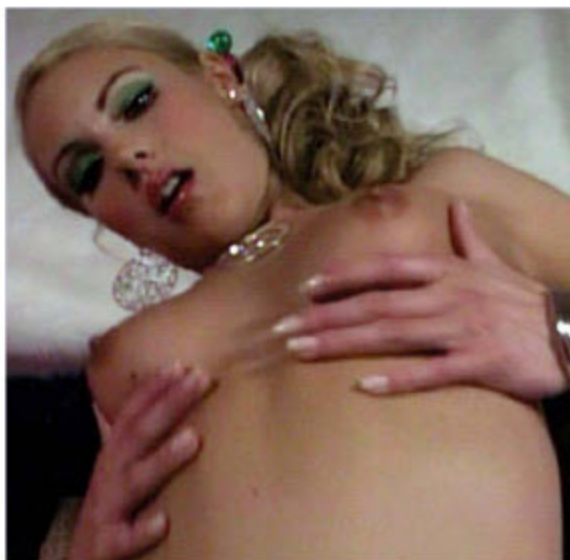

POP-A-WEDGIE: Celeste has the best ass we've ever wanted roll our in-line blade through. She won't make you jump through hoops to get it, though. You just have to have a long enough skate-key for this fast-paced poon-tang!

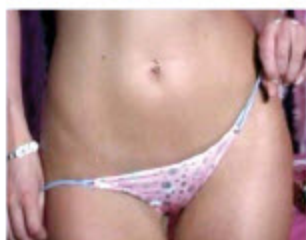

SAMANTHA RYAN

BORN: March 3, 1978, United States of America

SEXY SIGHTINGS: We might not know where she was born and raised, but we're positive that our boner was raised by Ryan in *Roller Booty* (2006, spread). This silky sex kitty is just what the doctor ordered...well, if you had a doctor that prescribed a booty-baring blonde that's willing to whet your wet-willy's appetite until you're felling swell—and swelled. She will tease you on four wheels or on all fours, as this roller diva doesn't mind laying down for easy access. Between her striped socks and bright make-up, this petite princess looks sweet as candy, and you're an all-day sucker if you don't agree!

ICING ON THE CRACK: Once the party hits full gear, Samantha says it's time for us to whip up our whipped cream and ice her tasty bun-cakes! Luckily for Ms. Ryan, when it cums to a booty like hers, we have a hard time saying no!

THE INCONFESSABLE ORGIES OF EMMANUELLE (1982)

NUDES: Asunción Calero, Carmen Carrión, Muriel Montrossé

THE SKINNY: First, there was Sylvia Kristel in *Emmanuelle* (1974). Then there was Laura Gemser as *Black Emmanuelle* (1975). And then, there were all the dozens of sequels, imitators, rip-offs and send-ups of the iconic erotic film heroine. Muriel Montrossé tackles the role of the titular sensual adventuress in *The Inconfessable Orgies of Emmanuelle*, a late entry in the canon directed by—who else—Spanish sexplorer and carnal conquistador Jess Franco. This time, Emmanuelle struggles with the bold concept of marital fidelity, only to succumb to a lesbian stripper, two fellows with a penchant for surprise sex and, ultimately, all those *Inconfessable Orgies*.

NIGHT OF THE WEREWOLF (1980)

NUDES: Silvia Aguilar, Azucena Hernández, Pilar Alcón

THE SKINNY: Paul Naschy may not be the most famous werewolf in show business, but he's certainly the hardest working. Beginning in 1968, Spanish horror sensation Naschy played lycanthropic "Waldemar Daninsky" in a seemingly endless succession of supernatural romps. *Night of the Werewolf* is a standout effort in which full-moon freak Daninsky must battle the notorious Countess Elizabeth Bathory, a real-life blood-fiend who returns from the grave. As if that eerie blowout weren't enough, this *Night* is also fraught with some of the hottest Euro-babes of the era, none of whom sports Werewolf fur—or much of anything else!

Much more than *A Secret* gets revealed here!

THE SEXUAL STORY OF O (1984)

NUDES: Carmen Carrión, Mari Carmen Nieto, Alicia Principe

THE SKINNY: *The Story of O* is a milestone of erotic literature that was translated to film most memorably by director Just Jaeckin in 1975. Master of European excess Jess Franco puts his own spin on the hard-kink classic in the imaginatively titled *The Sexual Story of O*. Luminous Alicia Principe portrays "Odile," a naive young beauty who offers herself to a libertine married couple in order to experience the full gamut of carnal possibilities. And that she does. On-camera. And how!

STINGER (2005)

NUDE: Daniella Vesterlund

THE SKINNY: The sexually charged *Stinger* chronicles the high-seas, deeply penetrating saga of the USS Newark, a submarine that's been lost at sea for several long and hard months. The good news is that a heroic team of scientists is able to locate and board the runaway vessel. The bad news is that they discover it's been overrun with a legion of killer-crazed monster scorpions. The greatest news of all is that the blonde knockout Daniella Vesterlund lets her naked chest-stingers fly a bunch of times before she completely bugs out. *Stinger* will elevate your pelvic-periscope until your little staff-sergeant finds himself needing all-hands-on-dick for the 2007 nude scene that inspire a thousand wet dreams.

SWAMP ZOMBIES (2005)

NUDES: Jasmine St. Clair, Pamela Sutch, Amanda Simmons, uncredited actresses
THE SKINNY: When a cracked physician's experimental regeneration serum goes wrong, gallons of the glop are dumped in a nearby marshland. So are the corpses upon which the demented doc was experimenting. Is it any surprise, then, that this results in *Swamp Zombies*? Adding spice to the mix is an expedition to the bog by local college students, some of whom are extremely comely coeds. *Swamp Zombies* is a high-energy B-movie packed with monsters, mammaries and mayhem. And that's an A-plus endorsement.

THEY'RE PLAYING WITH FIRE (1984)

NUDE: Sybil Danning

THE SKINNY: Eric Brown, who played the luckiest teen alive in the coming-of-age-with-Sylvia-Kristel favorite *Private Lessons* (1981) is blessed with even more incredible good fortune in *They're Playing With Fire* (1984). This time, young master Brown beds college professor Sybil Danning, who appears here at the height of her bodacious drive-in movie stardom. Complications ensue when the instructor's unhinged husband aims to pin multiple murders on Brown. They're *Playing With Fire* quickly careens into a whacked-out amalgam of mid-eighties teen comedy and early-eighties body-count movie, making it one of the decade's oddest genre hybrids and, thanks to Sybil, it's also one of the hottest.

VENGEANCE OF THE ZOMBIES (1973)

NUDES: Aurora de Alba, Mirta Miller

THE SKINNY: In 2001, King Juan Carlos I of Spain presented his country's reigning horror icon, Paul Naschy, with a Gold Medal for Fine Arts. Films like Naschy's *Vengeance of the Zombies* are the reason why. This voodoo-themed adventure supplies a triple-dose of Naschy as he plays a Hindu mystic, the mystic's sinister brother and even El Diablo himself! Claims have been made that actual black magicians have discovered mind-bending subliminal elements in *Vengeance of the Zombies*. Believe that at your own risk, but there's no mistaking the superhuman appeal of Spanish sirens Aurora de Alba and Mirta Miller in the buff.

WATCHFUL EYE (2002)

NUDES: Melissa Barmes, Juliet Cariaga, Julie Cialini, Nikki Fairchild, Nissa Hall, Renee Rea, Krystal Summers

THE SKINNY: As *Watchful Eye* opens, Shannon (Renee Rea) moves into a house where a beautiful girl (Juliet Cariaga) was killed. Apparently her apprehension is eased by the array of astonishing stunners who also live there: hard-partying Amber (Julie Cialini), curious shutterbug Brooke (Nikki Fairchild), and wide-eyed blonde Chloe (Melissa Barnes). As each resident revels in sensual abandon, Shannon learns that the whole house is wired for broadcast, and that their comings-and-goings (emphasis on the former) are watched by fans online. Will Shannon crack the case? She and the piles of other perfect-10 babes on hand keep getting naked, so will you really care? The answer is as plain as the hand in your lap.
